New!

Corona Beverage insulators Available only from KOLDER

1009-Corona

Marcas Modelo, S.A. de C.V. recently elected Kolder to be the sole supplier of beverage insulators bearing the Modelo Trademarks, which include: Corona Extra®, Coronita Extra®, Corona Light®, Pacifico Clara®, Negra Modelo® and Modelo Especial®. This is a great honor for our company and we are excited to bring this compelling line to you.

At the moment our Modelo offering only consists of the Corona Extra crown design, #1009, shown here. However, Marcas Modelo has given us access to their full library of art and we will be introducing several new designs as soon as possible.
